E-FENCE

ATT: AMANDA ESTERHUIZEN

Dear Amanda

I have been using the services of E-Fence for several years now and have only had good experiences. The quality of equipment and level of service delivered is outstanding and I can only say good things about Amanda and her team. All of my queries and problems were attended to without delay, and I would happily use them again in the future.

I have recommended E-Fence to my family and friends and would recommend their services to anyone.

Kind regards

Dean Richter
